

HERE'S WHAT AN APPRENTICE CAN EXPECT:

- GOOD WAGES from DAY 1, with BENEFITS after 500 hours of work
- REGULAR RAISES as you complete necessary steps.
- FULL JOURNEYMAN SCALE once you complete your on-the-job TRAINING and the prescribed unit pathway/ coursework.

DID YOU KNOW?

Since training is free, and you can work while you train, you'll start your profession without the debt commonly associated with 4-year degrees!

FLOORLAYING

IMPROVING LIVES.
BUILDING COMMUNITIES.

Are you looking for paid training?
A stable, long-term career that offers
good pay and excellent benefits?
Then becoming a Floorlayer with the
Carpenters Union may be a great fit
for you!

WHAT IS A FLOORLAYER?

Floorlayers are an essential part of the
building process. They're responsible for
installing all types of flooring materials
(carpet, laminates and vinyl, wood, tile,
and sports surface). It's a great job for
active people who don't want to be stuck
behind a desk and enjoy physical activity.

Floorlayer apprentices will learn the
critical skills of estimating material costs,
understanding pattern layouts, mastering
the right tools for the job, and safely
performing all job functions.

HOW DO I QUALIFY?

To begin the Floorlayer apprenticeship
program, you must be:

- At least 17 years old
- Have a High school diploma or
equivalent or earn your equivalent
within one year of beginning
apprenticeship program.
- Pass a drug test
- Be able to perform the physical
demands necessary of the floor laying
industry

PRO TIP

If you want to get a head start,
enroll in a shop class and study
math in school. Understanding
these skills can help you become
a successful candidate.

READY TO SIGN UP?

Speak to a representative of the
Carpenters Union today!" Call
(314) 457-8301 or visit us online
